

Get booked direct. Keep 100% of your booking money.

For hotels · guest houses · lodges · restaurants · tour operators

International travellers, NGO staff, airline crews, business visitors and diaspora families search on Google and book before they land. If they can't find you online and send a booking in a few taps, they book someone else, or pay a booking site that takes 15–18% of your money. Globe2Me gives you your own booking page, a proper Google Maps listing and a WhatsApp booking flow, at a price a small business can afford.

The problem today

- ✗ Guests can't find you on Google or Maps
- ✗ Bookings lost in WhatsApp chats and missed calls
- ✗ Booking sites typically take 15–18% of every booking
- ✗ Overseas guests have no easy way to pay a deposit

What you get with Globe2Me

- ✓ Your own booking page with photos, rooms and prices
- ✓ Guests send booking requests 24/7, straight to your WhatsApp
- ✓ Google Business Profile set up so you appear on Maps
- ✓ No commission to us: every booking payment goes to you

Why Globe2Me

Globe2Me is built and run from Lungi, Sierra Leone, by Kesari Global. We run our own guest house directly opposite Lungi International Airport and use the same booking tools ourselves, so we know what West African properties deal with every day: power cuts, patchy connectivity, late-night arrivals and guests who want to pay a deposit from abroad. You keep 100% of your booking money. We never take a commission on your bookings.

Who it is for

Guest houses, hotels, lodges and resorts · restaurants and bars · tour guides and tour operators · car hire and airport transfers · beach and eco-tourism sites. In Sierra Leone, Liberia, Guinea, The Gambia, Senegal, Ghana, Nigeria, Côte d'Ivoire and across West Africa.
